Project Publicity

The board will wait for approval from the county to build a bulletin board at the park to contain meeting minutes and handouts, as well as announcements for public meetings. A possible fundraiser could be organized to raise awareness regarding the project. The Goshen Team will be available throughout the week to informally interact with the community, but it was decided that a set time for conversation at the park would be beneficial. Amos Stoltzfus and Orley Miller will see to it that there is an announcement made at both the Tourist & Amish churches that the first set time will be on Monday January 13 at 2:00 pm.
